

We have been informed the the FCC is considering adopting a law on telephone solicitation that will weaken the existing law in Indiana. PLEASE do NOT weaken this law. I repeat PLEASE DO NOT WEAKEN THIS LAW. It was not easy to get this passed and it has been such an improvement in the quality of our lives. We used to have as many as 10 to 15 calls a week and it was very frustrating. We never buy or respond to telephone solicitation for business or charities and the calling was incessant and intrusive. Now we get an occasional "survey" from insurance or political parties, maybe once a month. It is such a relief. Actually it would be my desire for the FCC to adopt a law banning all solicitation of any kind, all surveys, and institute heavy fines for non-compliance. WE DO NOT WANT TO RECEIVE TELEPHONE SOLICITATIONS. It invades our privacy and is impossible to curtail without legislation. Susan Keiser
